*If building is within 300ft of a stream, flood plain, flood way or flood fringe, Vernon County Sanitation needs to be contacted.

I vouch that all the above information is correct and I understand that the issuance of this permit is for administrative purpose only. I understand that on-site construction inspections will not be performed by the municipality. The Town of Bergen contracts with an inspector. And it is your responsibility to contract the inspector. The Uniform Dwelling Code, Chapter Comm 20-25 still applies to all new family dwellings and must be completed with enforcement of inspection done by a State licensed inspector. I understand that the issuance of this permit does not relieve me of compliance with other applicable codes and ordinances. **FEES ARE FOR TOWSHIP ONLY**. Owner is responsible for additional fees charged by inspector.

Homeowners are responsible for contacting the building inspector:

Matthew Carl is the primary building inspector, he can be reached by
Email:mcarl@generalengineering.net or via phone at O-608-742-2169, C- 608-617-3358
Fee's attached

New home cost includes fire number. New homes also require a copy of septic permit and UDC certificate from inspector prior to start of construction and issuance of site permit.

For new or remodel construction costing under \$40,000 there is a \$150.00 fee

For new or remodel construction costing over \$40,000 there is a \$575.00 fee

I have read and understand contents of this site application
